Dear Parent/ Carer,

Y11 Future Planning, Progress and Mentoring Meeting - Wednesday 3rd September

At Coop Academy Bebington, we understand the significant benefits that strong partnerships between school and home can offer our students. During Year 11, your child will have access to a mentor who will monitor overall academic performance across all subjects, set targets for improvement, provide support with revision planning, monitor their attitude towards learning and attendance at interventions.

The first part of this process takes place on Wednesday 3rd September 2025, where you and your child are invited to attend a Future Planning and Mentor Meeting with a senior leader/mentor. This meeting involves a 15-minute, focused discussion about their progress, future plans and target setting. Research shows that students achieve better results when they engage in focused conversations about their progress with significant adults at home and at school.
