 + Add new placement

Using the Unifrog Placements tool

You'll first see a page that asks you to confirm that you're organising a placement that's **in the future** and **agreed with the employer.**

Student initial form

You're adding a Student initial form for a placement

Fill in the information below carefully. When you're done tick 'finished' at the bottom of the form. Afterwards we'll ask the placement lead at the employer to fill in the next form.

This form is only for organising a **placement** that is **in the future**.

A placement is where you are hosted directly by an employer, you have direct individual contact, and you observe their work.

You must already have the employer's individual email address, and they must already have personally agreed to host you.

Use the **Activities** tool instead to record:
